

ACCESS

ACCESS APPROVED

Our mission is to make a difference in the lives of individuals with mobility difficulties by providing top-quality home-mobility solutions. We understand that investing in a stairlift for your home is an important decision and one that can bring a lot of value to your life.

Purchasing a stairlift from an **Approved Access Dealer** will ensure peace of mind. Our dealers are experts in our product range and can provide personalised advice, installation assistance, and support throughout the process.

Here are just some of the benefits of using an **Approved Access Dealer**

Safety Standards

Our stairlifts are packed with safety features and are certified to machine directive 2006/42/EC, EN 81-40:2020 and UKCA standards.

Safety Assurance

Accredited installers ensure a safe and compliant installation process, backed by extensive training and expertise in handling stairlifts.

Comprehensive Support

From initial installation to ongoing maintenance, professional installers provide comprehensive support, including customer walk-throughs, warranty activation, and regular servicing.

Peace of Mind

With available professional support, users can operate their stairlifts confidently, knowing any issues will be promptly addressed, minimising inconveniences and ensuring uninterrupted functionality.

Purchasing a Reconditioned Stairlift

If you are looking to purchase a reconditioned stairlift, it is important to choose a reputable seller to ensure the safety and reliability of the product. Opting to purchase from an **Approved Access Dealer** provides a guarantee of quality and is the safest and most trustworthy option available.

Dealers and private sellers offering lower-cost alternatives, such as reconditioned curved rails, may lead to an unsafe product that doesn't meet necessary safety standards. Additionally, any warranties that the product may have had could be invalidated.

Your safety is paramount to us. We offer the peace of mind that every reconditioned stairlift undergoes thorough testing before certification. For all curved stairlift rails, you can trust that a new custom rail will be manufactured to fit your staircase perfectly.

Through our vast network of approved dealers, we make it easier for you to access the stairlifts you need to continue enjoying your mobility. We have approved dealers located throughout the UK.
