Outdoor stairlift  
for curved stairs

Stannah

# Make a step change

If a Stannah stairlift could make life easier, why wait?

Life is better when you have the energy to do the things you want to do, like pottering in your garden or entertaining your family and friends outside.

Our experience has taught us that the sooner a stairlift is installed, the sooner you will be able to start enjoying the things you love doing. Just think how a Stannah stairlift could make your day-to-day life easier.

## A stairlift that's right for you and your home.

We know that not all homes are the same. If you think your outdoor stairs are unsuitable for a stairlift, we think you might be pleasantly surprised by our slimline and stylish designs.

- Our slimline rails and fold-away chairs make the best use of available space and leave enough room for others to use the staircase.
- All our rails are tailor-made just for you, so they fit your staircase perfectly.
- Contrary to popular belief our rails are fitted to the staircase and not the wall - ensuring minimal mess and bother.
- Installation is quick and easy.
- Our outdoor stairlift can safely operate in all seasons.

Comfort and reliability, the Stannah Outdoor Curved is perfect for outdoor stairs

# A company you can trust

We are a British, family-run and owned company and have been for five generations.

The current managing directors are the great, great grandchildren of Joseph Stannah, who started the company in the 1860s.

His engineering principles and strong family values run as true today as they always have.

Now, over 150 years later, we have manufactured more than 1,000,000 stairlifts and installed products in over 40 countries.

## Stannah Outdoor Curved: Robust, reliable and comfortable

Our Stannah Outdoor Curved stairlift is specially designed to work all year round. An ideal solution for either a flight of outside stairs or for just a few steps down to your garden.

The swivel seat allows you to get off the chair in complete safety at the top of your stairs. Whilst the easy-to-use joystick control makes gliding up and down your outdoor stairs effortless and safe.

A protective cover is also provided to help you to keep your stairlift clean and dry when you're not using it.

Your Stannah Outdoor Curved stairlift acts as a safety barrier when it's not in use

## Outdoor key features

### 1. Directional controls

Right-handed or left-handed, we can put the joystick controls on either arm, whichever you prefer, just another thoughtful touch.

### 2. Manual swivel seat

Using the levers enables you to swivel the seat easily, making it simple to get off the chair.

### 3. Folding seat, footrest and arms

To store the stairlift away, you can fold away the seat, arm and footrest, keeping the stairway clear for other users.

### 4. Safety edges

If there is something blocking the chair on the stairs, the safety edges recognise this and the stairlift will stop automatically.

### 5. Safety key

The stairlift can be immobilised when you're not using it for additional security.

### 6. Seatbelt

For complete peace-of-mind, our Stannah Outdoor Curved stairlift comes equipped as standard with a safety seatbelt.

# Outdoor key benefits

Effortless and simple. This sums up beautifully just how much thought and care we have designed into each and every function of our Stannah Outdoor Curved stairlift.

From the safe and easy-to-use joystick, to a protective cover for your Stannah Outdoor Curved, we have made your outdoor stairlift simple, reliable and protected from the weather.

Stannah Outdoor Curved has an easy-to-use joystick

Stannah Outdoor Curved allows others to still use the stairs

For extra protection, Stannah Outdoor Curved has a protective cover

**“We are delighted with our Stannah Outdoor Curved stairlift. My wife is now able to fully appreciate and enjoy our garden again”**

## Stannah Outdoor Curved takes curved stairs in it's stride

Everything about our Stannah Outdoor Curved stairlift is made to make managing your stairs as easy, comfortable and safe as it can be, so whatever type of outdoor staircase you have, our Stannah Outdoor Curved stairlift will take it all in it's stride.

From the simple controls at your fingertips to reliable operation and a flexible and compact design, we have done all the hard work so you don't have to. Just settle into the comfortable seat and sit back, as you travel up or down your outdoor stairs with ease.

We really have taken care of every detail to ensure your Stannah Outdoor Curved stairlift is as effortless to use as it is easy to operate.

**Step 1:** Simply pull down the footrest, arms and seat base.

**Step 2:** When the seat base and footrest are down, sit on your stairlift and make yourself comfortable in the seat. Then fasten the easy-to-use

centre seatbelt and you're now ready to safely go.

**Step 3:** A gentle movement of the directional joystick is all it takes for you to travel effortlessly and safely up or down your stairs.

**Step 4:** When you have arrived at the top of your stairs, you can then use your swivel lever to rotate you onto your landing ready to get off your stairlift in

a safe position.

**Step 5:** When you are not using your stairlift, it can remain in position at the top of your stairs to act as a safety barrier, or, it can be folded away to allow space for other stair users.

All of these features and benefits make the Stannah Outdoor Curved your natural stairlift choice.

**“Now we have our outdoor stairlift, I am able to get up and down my steps, safely, whatever the weather is doing”**

A family business
